

R Family Vacations is developing a voluntary and considered confidential registry of passengers that request special services for the Disabled or with special needs. We are doing this so that we can prepare our staff and programs to be as inclusive as possible. The actual physical access on the ship is the responsibility of NCL. We will forward on and coordinate services with NCL to ensure that needs are clearly defined and accessed prior to boarding the ship. **It is important to understand that the ship's physical access is not within the control of R Family Vacations. We will facilitate as much as we can to ensure that our guests are treated with dignity and respect.**

We are also working to make our programs inclusive of our Disabled guests.

Guest's Name: _____

Cabin Number _____

Guest's Partner or Companion Name: _____
